Education

Pranveer Singh Institute of Technology - Bachelor of Technology   2022 – 2026
- **Coursework:** Data Analytics, Learning Algorithms, Computational Theory, Databases

Kendriya Vidyalaya - Higher Secondary: 74.2 and Senior Secondary:81   2015 – 2022
- **Coursework:** Mathematics, Computer Science

Experience

UI/UX Designer Project intern , Thiranex   May 2025 - June 2025
- Collaborated in an agile team to prototype 2 client web platforms using **Figma and AdobeXD**
- Conducted 3 usability tests, improving user satisfaction scores by 30 percent.
- Delivered **responsive designs** ensuring 100 percent cross-device compatibility .

Data Analyst Intern , Accenture   June 2024 - June 2024
- Delivered 3 data solutions, cutting costs by **10+ percent for clients.**
- Managed **2 stakeholders**, aligning project scopes with goals.
- Designed Tableau dashboards improving KPI visibility for **2+ business units**.

Key Projects

Hotel Management System | Full-Stack Web Application   github.com/codecrafter10
- Built REST **APIs with JWT auth**, preventing 100+ booking conflicts/month.
- Applied **distributed concepts**, maintaining 99.9 percent uptime during failures.
- Tech Stack: **Node.Js, Express.Js, MongoDB, React.JS.**
.

Travel Bus Finder   github.com/codecrafter10
- . Developed scalable route search supporting **1000+ concurrent users**.
- Reduced **API response time** by 25 percent with intelligent caching..
- Tool used: **React.JS, Express.Js, PostgreSQL/MongoDB** .

Certificates and Achievements

- Earned **5 Infosys Certifications** in Python, DBMS, HTML, CSS, Java, and JavaScript; completed 25+ hands-on projects with top scores.
- **Agentblazer Champion 2025** on Salesforce Trailhead.
- Led College Fest as Sub-Core Head, managing 2,000 attendees.
- Secured 3rd place in National Science Exhibition, presenting a data-driven project among 50+ national competitors.

Technologies

Languages Python, C , Java, HTML , CSS,SQL.
Technologies/Frameworks: Node.js, Express.js, MongoDB, PostgreSQL, ReactJS .
Deployment/Tools: Git,GitHub, AdobeXD, Figma, firebase , PyTest, Tableau.
Core Concepts : DSA, Functional Programming,API,Distributed Systems.
Soft Skills: Data-Driven Decision Making, Team Collaboration, Agile Development.
